## **ULYSSES**

Linear spindle actuator - Force in push action 650 N - Stroke 180 and 300 mm

- Particularly suitable to operate sun blades.
- High protection from atmospheric agents (IP 65).
- Warning: the actuator is provided with electronic limit stop. When the actuator is in stroke end positions, if in closing, do not repeate the closing operation, and viceversa in opening.
- Supplied with steel end bracket bracket and connector. Front or back fixing possibility.
- Aluminium back bracket to be ordered separately part No. 35697P
- A kit to reduce the stroke is available part No. 40735V

## SPECIFICATION PROSPECTS

Electric linear actuator Ultraflex Control Systems named Ulysses - Load transmission by rigid spindle, stroke 180 mm or 300 mm, external diameter 34 mm, fixing bracket included. Force 650 N. Protection class IP 65. Voltage supply 24 Vdc. Parallel connection. Electronic safety limit stop. Casing in silver anodized. Conform to 2004/108//CE directive.

## **Accessories**

Steel end bracket included

Aluminium back bracket part No. 35697P

Kit to reduce the stroke part No. 40735V

Galvanized steel connector kit to fix the spindle on the vent (included).
